AMPHI BORDEAUX, LE PALAIS DES CONGRÈS
DE PARIS

THE LIPID PARADOX UNDERSTANDING CV RISK IN RA

Professor Ernest Choy is delighted to invite you to this CME-accredited symposium at the 2014 *Annual European Congress of Rheumatology*. This interactive symposium aims to review the pathophysiology, manifestation and management of dyslipidaemia in RA patients.

Lunch will be served on a first-come first-served basis

Ernest Choy

Lipids and inflammation as drivers of CV risk in RA

Christina Charles-Schoeman

Effects of RA therapies on lipid parameters

Iain McInnes

Management of dyslipidaemia in RA: best practice

All speakers

Interactive case studies and panel discussion

The lipid paradox: understanding CV risk in RA is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net

The lipid paradox: understanding CV risk in RA is designated for a maximum of (or 'for up to') 1 hour of European external CME credits. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME credit to AMA credit can be found at www.ama-assn.org/go/internationalcme

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada.
